

We still have a huge variety of project kits, tools, blanks, finishing supplies and other items available. Items are selling out fast, so don't wait too long! Don't forget, if we don't have the 'sold out' pen to match the pencil, **you can still get matching kits from Penn State!** Don't pass up savings because you think you'll get stuck with a pencil and won't have a pen to match!

For your convenience, we have put together a quick reference of SOLD OUT items that are among the most popular, so hopefully it will save you a little time. We will try to keep this quick reference as current as possible. **Updated 06/29/11 at 10:00 am central time.**

PEN & PENCIL KITS:

All other items like blanks, inlay supplies, etc. are too numerous a variety to list on these pages (sold out or not). We are listing the most popular here just to help you out a little. We still have TONS of products & blanks left, so make sure to visit those pages. Again... we still have a HUGE variety of kits, tools and more available, so don't let what's been sold out discourage you... there are many bargains to be found! Don't forget... **you can always find the 'matching kits, bushings, etc.' over at Penn State!** Also... if the KIT is sold out, we may still have the tooling... so don't miss out on tooling discounts for Penn State kits you may be purchasing!
